

Comprehensive Employee Benefits Guide

Financial Wellness, Wealth Accumulation & Growth Subsidies | Document ID: HR-EBG-2026-V1

1. Financial Well-being & Wealth Accumulation Architecture

1.1 Retirement Plan Structure & Corporate Match

To support long-term financial security, the Company provides a premier retirement savings plan (401k or regional equivalent). The match allocation is structured as follows:

- **100% Match:** Applied to the first 4% of an employee's elective deferrals.
- **50% Match:** Applied to the subsequent 2% of elective deferrals.
- **Maximum Ceiling:** Total corporate contribution caps out at 5% of the employee's base eligible salary.

Employee contributions are instantly 100% vested. Employer matching contributions follow a 3-year graded vesting schedule (33.3% per completed year of service), ensuring full ownership after 36 months of continuous employment.

1.2 Equity Incentive Frameworks and Stock Purchase Options

High-performing employees and those in leadership tiers may be granted equity awards under the Corporate Long-Term Incentive Plan (LTIP). These allocations typically materialize as Restricted Stock Units (RSUs) or Stock Options governed by a standard 4-year vesting schedule with a 1-year cliff, aligning employee compensation directly with shareholder value creation.

2. Health, Wellness, and Mental Support Subsidies

Full-time employees are eligible for a monthly wellness stipend of \$100 USD, redeemable for gym memberships, fitness equipment, or mental health applications. In addition, the Employee Assistance Program (EAP) provides a completely confidential counseling service providing up to eight (8) free sessions per year for employees and dependents dealing with stress, financial anxiety, or personal difficulties.

3. Professional Development & Tuition Reimbursement Programs

The Company encourages continuous learning. Eligible employees can apply for tuition reimbursement for degree programs or professional certifications directly relevant to their career path. The program covers up to \$5,250 USD annually for approved coursework, subject to receiving a grade of "B" or higher. Employees must remain with the firm for 12 months post-reimbursement to avoid clawback provisions.

Corporate Acknowledgement & Attestation Statement

Every employee must log into their HRIS dashboard within fourteen (14) calendar days of onboarding to formally sign and date the acknowledgement ledger for these corporate policies. Failure to review and attest to these policies constitutes a compliance violation and may subject the employee to the progressive discipline framework.
